Vice Chair Wahnefried moved to approve the minutes of the committee meetings held May 19, 2022, and September 20, 2022. Member Ott seconded the motion. Motion passed unanimously.

### 2. Discussion only. Review and discuss RHA's identified Board goals. (Discussion)

Executive Director Lopez reported the RHA Board of Commissioners met in November during the annual retreat. During the retreat, the Board discussed what the Board's short-term and mid-term goals would be for the Agency. The five short term goals were: begin public housing asset repositioning, hire more staff, create development financial plan that supports repositioning, developing a scattered site portfolio plan, and expand resident services.

Executive Director Lopez provided a synopsis of how staff is working on completing each of the short-term goals. There was no action taken on this time.

## 3. Discussion and for possible action to review and discuss RHA's Asset Repositioning plans. (For Possible Action)

Executive Director Lopez reported Silverada Manor and Hawk View Apartments will be the first properties to undergo the asset repositioning process. RHA staff is working with HUD to utilize different tools, primarily the Rental Assistance Demonstration (RAD) program as well as Section 18 Demolition and Disposition program.

Executive Director Lopez reported each property must undergo a different application process, but staff anticipates Silverada Manor to be in a position to close on financing and move to construction in November. Hawk View should follow closely behind with construction starting by the end of the year. As part of the application process for Silverada, RHA staff must undertake at least two resident meetings prior to bringing the application the Board approval to submit to HUD. Once the application is submitted to HUD staff must have at least three additional resident meetings along with HUD concept calls and information that is submitted prior to final HUD approval.

Executive Director Lopez reported the Asset Repositioning process is slightly different for Hawk View, but both projects will involve either permeant or temporary relocation for the residents that currently live there. Staff is currently finalizing selection of a relocation firm to assist with the process as they are familiar with federal relocation requirements and can ensure RHA is in compliance and do it in a way that minimizes the impact on residents as much as possible.

Chair Griffith motioned to place a recommendation to the Board in support of the Asset Repositioning plan. Member Wong seconded the motion. Motion passed unanimously.

#### 4. Receive Executive Director updates on RHA Development projects. (Discussion)

#### a) Update on Dick Scott Manor.

Senior Project Manager Garcia provided an update on Dick Scott Manor. Dick Scott Manor will be a two-story building with a total of 12 units that will be reserved entirely for VASH vouchers.

#### b) Update on 419 10<sup>th</sup> Street.

Executive Director Lopez provided an update on 10 street. RHA was awarded \$775,000 in HMNI funds to help with the acquisition of the property. RHA staff has also submitted an application with the Washoe County Home Consortium for 1 million dollars to assist

with the development of the property as well. RHA staff hopes to have a draft Purchase and Sale Agreement (PSA) brought for Board approval in April.

## c) Discussion and update on Silverada Manor and Hawk view redevelopment projects.

Executive Director Lopez reported staff is in the process of drafting a Request for Qualification (RFQ) to secure a development partner for the redevelopment project.

#### d) Discussion and update on Carville Court project.

Deputy Executive Director McKendree provided an update on Carville Court. The goal for this redevelopment project is to provide project based units while partnering with local non-profits who specialize in transitional housing. Residents will be able to stay at Carville Court for one year and will be provided with a service navigator to help them transition into independent living.

#### 5. Discussion only. Review and discuss Paradise Plaza building plans. (Discussion)

Deputy Executive Director McKendree provided an update on Paradise Plaza. RHA staff is still in the process of negotiating the donation agreement. RHA staff will utilize the \$350,000 in ARPA grant funding as well \$800,000 in MTW flexibility HUD held reserves to rehab the building. RHA staff is excited to move forward with the project in an effort to expand the resident services department.

#### 6. Additional items:

## i.) General matters of concern to committee members regarding matters not appearing on the agenda. (Discussion)

- 7. Public Comment. The opportunity for public comment is reserved for any matter within the jurisdiction of the Board. No action on such an item may be taken by the Board unless and until the matter has been noticed as an action item. Comment from the public is limited to three minutes per person.

There was no public comment.

#### 8. Adjournment. (For Possible Action)

The meeting adjourned at 12:48 pm. Minutes of the RHA Development Committee March 21, 2023

#### ITEM NUMBER: 2

SUBJECT: Review and discuss potential Master Developer partnership structures and Guarantees for Silverada and Hawk View. (Discussion)

FROM: Executive Director

**RECOMMENDATION: Discussion** 

#### Background:

When RHA is considering development of a new project or rehabilitation of an existing complex, such as with Hawk View Apartments and Silverada Manor, consideration must be given to whether RHA wants to self-develop, engage a "turnkey" developer, or a enter a joint venture partnership with a co-developer. Should RHA determine it is best for any specific project to select a "turnkey" or co-developer, then it would negotiate and enter a Master Developer Agreement. The financing and requirements for each development influence the type of structure chosen. And, in turn, this impacts the assignment and responsibility for certain tasks and guarantees.

The most common development structures are:

- Self-development: Under this structure RHA is the sole developer and would be responsible for procuring all services and financing needed to complete the project.
- Turnkey development: Under this structure RHA would procure a Master Developer to take on primary development tasks, such as procuring the General Contractor and securing financing, but would exit the project upon construction completion and lease up.
- Joint Venture: Under this structure RHA would procure a Master Developer to provide similar services as a turnkey developer, but the Master Developer would remain as part of the owner entity throughout the required compliance or other negotiated timeframe.

In addition, when an affordable housing development is financed using Low Income Housing Tax Credits (LIHTC), tax-exempt bonds, or other conventional financing, the project is very often owned by a newly created, single purpose, business entity, that is separate from the Developer/Sponsor of the project. To attract LIHTC investors, the business entity is structured to ensure that the investor receives the maximum tax benefit available. This most often looks like an ownership structure in which the Developer/Sponsor of the project is the General Partner and has 0.01% ownership of the business entity, while the LIHTC investor is a limited partner and owns 99.99% of the business entity. The General partner owns a much smaller percentage, but controls and operates the entity, while the investor plays a more passive role and provides equity in exchange for a much higher percentage of ownership. If the developer/sponsor has entered a joint venture partnership with another co-developer, the 0.01% share of the General Partner may be further subdivided (i.e., 0.049% and 0.051% between co-developers).

The General Partner of the project will often provide certain guarantees to the LIHTC investor and/or construction/permanent loan lender. These guarantees are:

- 1. Construction Loan Guaranty: The guarantors will guarantee the repayment of the construction loan should a default occur.
- 2. Completion Guaranty: The guarantors will guarantee completion of the development regardless of any unanticipated events. This is an unlimited guaranty for unforeseen costs beyond the original amount of funds planned for the development.
- 3. Operating Deficit Guaranty: The guarantors will provide unlimited operating deficit loans through the completion of construction. Once construction is complete the operating deficit guaranty will be released after certain benchmarks and/or time period has elapsed. For example, after 36 months if the operating reserve is fully funded and the project maintains target debt service coverage, then the operating deficit guaranty will be released, and the guarantor will no longer have this obligation. The terms of this guaranty are negotiable.
- 4. Tax Credit Guaranty: The guarantors will indemnify the limited partner for late delivery, reduction, or recapture of tax credits. This could happen if the project takes longer to construct or if, once completed and leased up, the property doesn't stay compliant with LIHTC income and tenancy requirements. The tax credits are delivered to the investor over a 10-year period, but the guaranty is outstanding for 15 years to match the IRS initial compliance period.

For RHA, this means:

- For projects that RHA is self-developing by procuring a General Contractor or CMAR, RHA will need to take on all these guarantees if required. For example, these guarantees are not required for Capital Fund Program (CFP) and are typically not required for fully-grant funded development projects.
- For "turnkey" projects in which RHA has contracted a Master Developer for predevelopment and construction, the construction related guarantees would be covered by the developer while, RHA, because it will continue to operate the property, would provide the operating and tax credit guarantees.
- For projects in which RHA enters a joint venture with a co-developer, both RHA and the co-developer would be liable and must negotiate how the partnership will handle the guarantees. If RHA wants to manage the property, it will most likely need to provide the operating and/or tax credit guarantees since a co-developer may not want to assume that risk if it is not administering the project on a day-to-day basis.

#### ITEM NUMBER: 3

SUBJECT: Update on construction projects. (Discussion)

FROM: Executive Director

**RECOMMENDATION: Discussion** 

#### Background:

Staff has prepared a presentation for the meeting on this item.

#### ITEM NUMBER: 4

SUBJECT: Discussion of CMAR, Bid, and General Contractor process in consideration of upcoming projects. (Discussion)

FROM: Executive Director

**RECOMMENDATION: Discussion** 

#### Background:

The elements of most construction projects include design, planning, construction, and financing. There are different ways to deliver a construction project, and some may be more effective for different projects depending on the scope, scale, and complexity of the project. As RHA continues to develop new affordable housing, staff want to discuss the effective and appropriate use of two popular construction project delivery methods: Design-Bid-Build (DBB) and Construction Manager at Risk (CMAR). These methods and their advantages and disadvantages are explained in more detail below.

#### Design-Bid-Build (DBB)

The Design-Bid-Build system is one of the most frequently used delivery methods for construction projects. This has been the primary method RHA has used for its Capital Fund projects and other new construction and renovation projects. Using this method, the owner engages a designer to prepare the design of the project, including construction drawings, and specifications. The designer may also provide additional services including environmental investigation, permitting, right-of-way purchase documents, hearings for public approval, and submissions for project funding.

Once completed, the bid package, including the design and bidder's information packet, is presented to interested contractors, who prepare and submit their bids for the work. The owner will select a contractor, usually based on the lowest responsive and responsible bid (for most all public work), or some hybrid of price and technical merit. The selected general contractor will then execute contracts with subcontractors to construct various specialty items. The contractor is responsible for constructing the facility in accordance with the contract documents. The designer typically maintains limited oversight of the work and responds to questions about the design on behalf of the owner. If a CM is not involved in the process, the designer may also assist the owner in administering the construction contract, including determination of project progress, for validation of interim payments made to the general contractor.

#### Advantages:

- Widely applicable, well understood, and has well-established and clearly defined roles for the parties involved.
- Most common approach for public owners having to comply with local, state or federal procurement statutes.
- Significant amount of control over the product, particularly since the facility's features are fully determined and specified prior to selection of the contractor.

#### Disadvantages:

- Longer duration when compared to other delivery methods since all design work must be completed prior to solicitation of the construction contract.
- Limited ability to assess scheduling and cost ramifications as the design is developed, which can lead to a more costly final product or extensive value engineering
- Increased exposure to contractor change orders and claims over design and constructability issues since the owner accepts liability for design in its contract with the contractor.
- Contractor may pursue a least-cost approach to completing the project and the owner may receive less scope or lesser quality than expected for the price, requiring increased oversight and quality review by the owner.
- The absence of construction input into the project design may limit the effectiveness and constructability of the design. Important design decisions affecting both the types of materials specified and the means and methods of construction may be made without full consideration from a construction perspective.

#### Construction Management at Risk (CMAR)

This delivery system is similar in many ways to the Design-Bid-Build system, in that the Construction Manager at Risk (CMAR) acts as a general contractor during construction. That is, the CMAR holds the risk of construction performance and guarantees completion of the project for a negotiated price which is usually established when the design is somewhere between 50 percent and 90 percent developed. However, in this scenario, the CMAR also provides advisory professional management assistance to the owner prior to construction, offering schedule, budget and constructability advice during the project planning and design phases. Thus, instead of a traditional general contractor, the owner deals with a hybrid construction manager/general contractor.

In addition to providing the owner with the benefit of pre-construction services which may result in advantageous changes to the project, the CMAR method offers the opportunity to begin construction prior to completion of the design. The CMAR can bid and subcontract portions of the work with an approved design at any time, often while design of unrelated portions is still not complete. In this circumstance, the CMAR and owner often negotiate a guaranteed maximum price (GMP) based on a partially completed design, which includes that the CMAR may allow performance specifications or reduced specifications to be used, since the CMAR's input can lead to early agreement on preferred materials, equipment types and other project features.

#### Advantages:

- The owner gains the benefit of having the opportunity to incorporate a contractor's perspective and input into planning and design decision increases the effectiveness and constructability of the project from the beginning.
- The ability to "fast-track" early components of construction prior to full completion of design. This is particularly advantageous to projects on a limited timeframe.
- Increased transparency and communication between owner and contractor.
- Ability to more effectively complete complicated projects including significant rehabilitation, multiple phases, and/or temporary tenant relocation.

#### Disadvantages:

- Because the CMAR plays an important role in both pre-construction and construction phases of the project, it is very important to properly select the CMAR, based on particular skills and experience. This may limit the pool of qualified contractors with whom the owner can potentially work.
- While the GMP helps to limit excess costs in a construction project, when you add the cost of the preconstruction services, it may seem more expensive upfront. However, the expectation is that this saves the owner from costly change orders on the back end.

#### Projects that will benefit the most from the CMAR include:

- Projects with large and/or complex scopes of work that are subject to change, particularly large-scale rehabilitation projects in which the scope of the project may increase or grow in complexity as new challenges or site constraints arise throughout the process.
- Projects that require coordination between multiple stakeholders.
- Projects with tight timelines due to funding or resident relocation requirements and/or projects that are being completed in phases to reduce resident relocation impact and costs.
- Projects where the owner may not have all the construction industry experience, knowledge, and/or capacity required for successful completion.

## The CMAR method is not the best choice for every project though. The following projects are unlikely to see a significant benefit from CMAR as compared to the Design Bid Build process:

- Small scale projects, particularly new construction.
- Projects where the owner already has clear and well-developed designs, scopes of work and budgets.
- Projects where the owner already has the construction industry experience, knowledge, and or capacity required for successful completion.

#### RHA's experience with the CMAR project delivery method

RHA chose to use a CMAR method for both the Willie J. Wynn Apartments and Dick Scott Manor projects. Like many projects, these developments ran into challenges in the preconstruction and, for Willie J. Wynn, construction phases. With these early projects, RHA staff did not take full advantage of the CMAR process as they were less experienced in using this method and missed opportunities early in the process to develop clear scopes of work, create realistic and accurate budgets, and determine the impact of funding requirements on project design. These challenges created negative impacts on the overall project budget and timelines and, at times, led to less than clear communication with the Board of Commissioners. However, RHA staff believes that these things were not the result of the project delivery system, but rather, the steep learning curve that comes with the agency making its first significant steps towards developing new affordable housing in decades.

The RHA Development Department learned from these previous experiences and has significantly increased the capacity and expertise of the department with the recent addition of a new Director of Development and Senior Project Manager and additional financial and construction training for all department staff. The department is actively working on nine different development projects, all in various stages, and believes that CMAR could be a very effective delivery method for some upcoming projects.

Staff are seeking input from the board as to their opinion, questions or comments on these methods.

#### ITEM NUMBER: 5\_

SUBJECT: Discussion and overview of local housing providers along with the types of housing they provide. (Discussion)

FROM: Executive Director

**RECOMMENDATION: Discussion** 

#### Background:

Staff has prepared a presentation for the meeting on this item.

#### ITEM NUMBER: 6\_

SUBJECT: Discussion of upcoming changes to the Admissions and Continued Occupancy Plan (ACOP) and Administrative Plan for Housing Choice Voucher and Project Based Voucher Programs (Admin Plan) resulting from HUD adopted regulation changes. (Discussion)

FROM: Executive Director

**RECOMMENDATION: Discussion** 

#### Background:

In the coming months, RHA will be bringing two rounds of revisions to the Administrative Plan for the Housing Choice Voucher and Project Based Voucher Program (Admin Plan) and the Admissions and Continued Occupancy Plan (ACOP) to the Board of Commissioners for approval.

These revisions are necessary due to HUD's adoption of a new housing inspection protocol called NSPIRE and HUD's final rule implementation of sections of the Housing Opportunity Through Modernization Act (HOTMA), which was passed by Congress in 2016. These regulation changes not only impact RHA's voucher and Public Housing programs, but also programs like the Section 8 Project Based Rental Assistance (PBRA), HOME Investment Partnerships (HOME), Housing Trust Fund, Section 811, and Section 202 programs.

#### NSPIRE: September Board Meeting

Based on Congressional pressure stemming from the subjective nature of current inspection protocols, HUD has adopted a new inspection protocol called NSPIRE. NSPIRE will replace both the Housing Quality Standards (HQS) inspection protocol in the voucher program as well as the Uniform Physical Condition Standards (UPCS) protocol in the Public Housing program. NSPIRE focuses on the condition of dwelling units and modernizes and streamlines HUD's physical inspections processes using objective, defensible, and repeatable quality indicators focused on those things most important in determining the safety and security of assisted housing units. Inspections will prioritize critical health and safety conditions and will focus primarily on the dwelling unit versus the exterior of the site.

With NSPIRE, inspectors will be able to conduct objective, defensible, and consistent assessments to evaluate housing conditions through a decision tree that follows the new NSPIRE protocol. This will result in inspection results that more accurately indicate property conditions and promote better living conditions for residents.

#### HOTMA: December Board Meeting

The Housing Opportunity Through Modernization Act (HOTMA) was signed into law on July 29, 2016, amending many aspects of HUD Multifamily Housing programs as well as programs administered through the Offices of Public and Indian Housing and Community Planning and Development. On September 17, 2019, HUD issued a proposed rule to update its regulations according to HOTMA's statutory mandate. The final rule was published on January 9, 2023, and provided additional guidance for implementing Sections 102, 103, and 104 of HOTMA.

There remain several more sections of HOTMA that are pending final ruling by HUD that will be implemented in the future.

**Section 102**: Changes requirements related to income reviews for the Public Housing, Housing Choice Voucher (HCV), and Section 8 Project-Based Rental Assistance (PBRA) programs. This change will have an impact on staff and our clients as it fundamentally changes some of our existing and well-established policies.

These changes will alter how public housing authorities define a family, income, assets, and medical expenses. The rule also modifies when staff will process interim certifications, what income will be considered in rent calculation, what is considered an allowable deduction, and what portion of student financial assistance is excluded when considering household income, just to name a few.

This section of HOTMA will become effective January 1, 2024 with updates to both the Admin Plan and ACOP being presented to the Board for approval in December of 2023.

**Section 103:** Modifies the eligibility for continued occupancy in Public Housing due to household income exceeding existing statutory income limits. Tenants with income that exceeds current statutory income limits will have their assistance terminated, thus ending their tenancy in Public Housing.

This section of HOTMA became effective March 16, 2023. Changes to RHA's ACOP relating to this section have already been updated but will be expanded, as needed, in December of 2023. No terminations of assistance because of this section of HOTMA can occur until 24 months after the effective date of the section.

**Section 104:** Sets maximum asset limits and implements deductions and exceptions for certain investments, such as retirement savings plans.

This section of HOTMA will become effective January 1, 2024 with updates to both the Admin Plan and ACOP being presented to the Board for approval in December of 2023.

#### **Other Changes:** September Board Meeting

Along with the above referenced HUD driven changes, staff will be presenting updates to the Admin Plan and ACOP that are made necessary by the implementation of Yardi software, changes to Nevada Revised Statue, and internal policy clarifications as well as general plan clean up.

Due to the significant nature of the changes RHA will be making to the Administrative Plan and ACOP as a result of NSPIRE and HOTMA, RHA will provide a thirty-day public comment period prior to bringing the revised plans to the Board for approval prior to each revision. Staff will ensure to follow posting protocols to notify the public of the proposed plan revisions. Proposed changes to the plans will be discussed at all Resident Council meetings and will post the draft plans on RHA's website.

Recommendation: For discussion only.

#### 3. Commissioner Reports. (Discussion)

Chairman Aiazzi reported he and Executive Director Lopez attended a meeting with RTC and NDOT regarding a possible freeway expansion that may impact a portion of Mineral Manor.

#### 4. Executive Director/Secretary's Report. (Discussion)

Executive Director Lopez reports RHA received eight responses to its Request for Qualifications for a Master Development Partner. As the next step, a selection panel will meet to evaluate submissions. The selected Development Partner(s) will work with RHA to renovate Silverada Manor and redevelop Hawk View Apartments.

Staff hosted Sparks Councilman Abbott, City Councilwomen Breckhus and Ebert, Washoe County Commissioner Garcia, and County Manager Brown on May 11<sup>th</sup> for an overview of RHA and tour of selected sites. Staff received positive feedback on the event and appreciated the interest in our housing and programs.

The groundbreaking event for Dick Scott Manor is scheduled for Thursday, June 29<sup>th</sup>, at 10 am at the site. RHA has invited its funders and partners to the event.

Earlier this year, the US Department of Housing and Urban Development (HUD) released the Final Rule Implementing the Housing Opportunity Through Modernization Act (HOTMA) of 2016 for Sections 102, 103, and 104.Staff is working on updates to RHA's Admissions and Continued Occupancy Plan (ACOP) and other documents to comply with final rule changes and will provide an overview of HOTMA changes to the Board in June.

RHA returned \$383,820 in CARES Emergency Rental Assistance (CHAP) to the State of Nevada. The funds represent unused administrative funding. The funds were identified as part of RHA's audit and program closeout. Unfortunately, due to timing, the federal program has ended, and the funds cannot be reallocated by the State for another purpose and must be returned to the federal government. RHA has wired the monies to the State and the item will be discussed at the upcoming June 14<sup>th</sup> Interim Finance Committee (IFC) meeting.

Assemblywoman Anderson, Sparks, District 30, is interested in regionalizing oversight of RHA. She has met with RHA staff as well as the City of Reno and would like all interested parties to work on this item during the biennium. As this is an item of interest to the Board, I suggest adding a discussion of this topic on future Board agenda(s).

## A. Update on Agency Activities

- RHA is permit ready at Dick Scott Manor and is holding a groundbreaking ceremony on June 29<sup>th</sup> to kick off construction at the site.
- RHA received eight (8) submissions in response to its RFP for a Master Developer for the Hawk View and Silverada development projects. A 5-member selection committee is reviewing the proposals. A recommendation(s) is expected by the July board meeting.
- RHA closed on its \$1.75M contribution to Truckee Meadows Housing Solutions for its GenDen project. The GenDen will provide ten units of intergenerational housing for seniors and young adults. Construction on the project is expected to begin this week.
- Planning has started for the Nevada Housing Coalition conference in October in Las Vegas. RHA's Executive Director is on the planning committee and is spearheading speakers for several sessions on affordable housing finance and development. Staff will also be participating on panels.
- The legislative session closed on June 5<sup>th</sup>. Several housing bills passed that may provide opportunities for RHA to apply for new funding and/or make the affordable housing funding process more efficient. These include:
  - AB333 codifies that housing authorities will conduct inspections in compliance with HUD requirements and seek a tenant's signature for the inspection results.
  - AB62 changes the way affordable housing projects can qualify for a property tax exemption. This change should enable bond and other off-HOME funding cycle projects to move forward more quickly because other soft funding sources can now trigger the exemption.
  - AB310 creates the Supportive Housing Fund. This fund provides \$32.2M for development of supportive housing, operations of supportive housing, and capacity building for partnerships around supportive housing.
- Executive staff have started quarterly meetings with the City of Reno Manager and Assistant Manager.

To date, detailed information has been pulled for families currently paying minimum rent, those undergoing triennial recertifications and households receiving RHA's standardized utility allowances in the HCV program. Additional data will also be pulled on households eligible for RHA's standardized medical deductions, those paying full contract rent along with detailed demographic information on all public housing and rental assistance households. All data pulls will be finalized following the end of the Fiscal Year with the annual report due to HUD by September 30.

 Surveys continue to trickle in from current and prior Mobility Demonstration participants. Survey results and internal data on Mobility Demonstration households including income, family composition, and employment status will be sent to Rebecca J. Walter, PhD at the University of Washington (UW). This data is being used by UW to evaluate the overall progress of these families and the program.

### AGENDA ITEM NUMBER: 5

June 27, 2023

SUBJECT: Discussion and possible action to approve both the April 2023 Cost of Living Adjustment (COLA) as published by the Consumer Price Index (CPI) Western Information Office, West Region, and on the basis thereof, possible adoption of Resolution 23-06-01 RH approving a net 3.025% COLA increase, with a total fiscal impact of \$74,994.47 for FY2024, for all staff positions not covered under the Collective Bargaining Agreement. (For Possible Action)

FROM: Executive Director

**RECOMMENDATION: For Possible Action** 

### Background:

The Collective Bargaining Agreement (CBA) provides for a salary increase for FY2024 based on the April 2023 Consumer Price Index (CPI) Western Information Office, West Region effective the first full pay period of July 2023 for staff positions covered under the agreement. For April 2023 this CPI was 4.9%. RHA staff that are not covered under the agreement do not receive this automatic increase. Any equivalent increase for these staff members must be approved by the Board of Commissioners.

Additionally, the Public Employees Retirement System (PERS) contribution rate will increase by 3.75% beginning in July 2023. PERS regulations require contribution rate increases to be split between employers and employees. Due to this, given the automatic increase in the CBA, the compensation schedules for covered staff positions will be reduced by 1.875% resulting in a net salary increase of 3.025%. Assuming the Board approves the equivalent CPI increase for non-covered positions, a similar PERS adjustment would be made resulting in a net salary increase of 3.025% for non-covered staff. After the PERS adjustment, the total fiscal impact of this increase for FY2024 for non-covered positions is \$74,994.47.

*Recommendation:* Staff is recommending the Board approve a 4.9% Cost of Living Adjustment (COLA) for the staff positions not covered under the Collective Bargaining Agreement. This increase will be reduced by 1.875% for the PERS contribution rate increase resulting in a net salary increase of 3.025% that will become effective the first full pay period of July 2023.

# HOUSING AUTHORITY OF THE CITY OF RENO RESOLUTION 23-06-01 RH

A RESOLUTION APPROVING THE INCREASE IN THE PERS PREMIUM AS A DEDUCTION FROM THE EMPLOYEES COLA SALARY INCREASE

WHEREAS, an increase in the PERS retirement contribution will become effective July 1, 2023, and

WHEREAS, the Board of Commissioners are allowed by state law to split this increase with the employees, and

### AGENDA ITEM NUMBER: 6

June 27, 2023

SUBJECT: Possible adoption of Resolution 23-06-02 RH revising the Utility Allowance Schedule for participants of the Public Housing, Housing Choice Voucher and Project Based Voucher programs. (For Possible Action)

FROM: Executive Director

RECOMMENDATION: For Possible Action

### Background:

The Department of Housing and Urban Development (HUD) has defined Total Resident Payment for "rent" to include both the cost of shelter and utilities. The amount that a Public Housing Authority (PHA) determines is necessary to cover the resident's reasonable utility costs is called the utility allowance. RHA utilizes the current utility allowance schedule when determining the tenant's portion of rent for both the Public Housing and voucher programs to ensure that all clients can afford their portion of rent and utilities.

HUD requires all PHA's to conduct a utility study annually to determine if changes to the current utility allowance schedules are necessary. If the study determines that the change in average utility costs is less than 10%, a change to the schedules is not necessary. However, a change greater than 10% warrants an update to the utility allowance schedules.

This year, RHA contracted with The Nelrod Company to conduct a utility study for each of RHA's public housing complexes as well as the voucher program. The study determined there was a greater than 10% change in average utility costs since the last study was conducted in 2022.

The Utility Allowance Schedules in Exhibit 23-06-02-A represent the proposed updated utility allowance schedules to be used at each household's annual recertification beginning October 1, 2023. Staff determines the amount of the utility allowance provided to each household at recertification based on the bedroom size of the unit, structure type, and utilities provided by the owner versus the tenant.

*Recommendation:* Approval of the updated utility allowance schedules for the Public Housing, Housing Choice Voucher and Project Based Voucher programs with an effective date of October 1, 2023.

### AGENDA ITEM NUMBER: 7

June 27, 2023

SUBJECT: Discussion and possible action to approve final FY2024 RHA budget. (For Possible Action)

FROM:	Executive Director	<b>RECOMMENDATION:</b> For Possible Action

### **Background:**

Staff will provide an overview of the attached draft FY24 RHA budget. The FY24 budget must be approved and adopted by the Board by June 30, 2023. The initial draft budget is based on FY23 9-month actuals and extrapolation for remaining months.

The budget includes the following changes from prior years:

- Use of Moving to Work (MTW) fungibility to better allocate staff salaries to eligible programs. This means that a higher percentage of staff salaries will be covered through RHA's capital and operating fund flexibility for approved MTW activities. Staff has submitted these changes to the US Department of Housing and Urban Development (HUD) and has received an initial positive response to this change.
- Increase in salaries based on RHA's newly created positions, COLA and merit increases, and assuming all positions are filled during the upcoming year. This aligns with the Board's goals of increase staffing, reclassify internal positions, and grow employee retention programs as needed.
- Funds for space planning, office furniture, and IT/other equipment to support a larger staff. This is currently budgeted at \$250,000 but may change based on proposals from space planning firms. Executive staff have met with several firms and are reviewing proposals. This supports the Board's goal of increasing staffing, reclassifying internal positions, and growing employee retention programs as needed.
- Increased travel and training requests to ensure staff development and preparedness as RHA converts software systems, repositions properties, undertakes new sources of funding and financing, and gets trained on new HUD public housing and inspection protocols that go into effect during FY24. This aligns with the Board's goals of increasing staffing and employee retention as well as beginning public housing asset repositioning.
- Increased Resident Services funding to support the Board's goal of expanding resident service programming. This includes financial support for the Start Smart scholarships and awards dinner as well as potential additional funds for resident council activities.
- The draft budget includes annual estimates for operating public housing as well as the Authority and identifies estimated revenue from each of the Authority's sources including public housing, MTW, business activities, and NSP. Staff received

updated income and expense projections from Gaston & Wilkerson for RHA's expanded housing portfolio based on RHA's new rent policy. The budget has been updated to include the February 2023 Board approved RHA rent increase policy.

# **RENO HOUSING AUTHORITY**

### AGENDA ITEM NUMBER: 8

SUBJECT: Discussion and possible action to approve an Interagency Agreement with Southern Nevada Regional Housing Authority for utilizing their procurements and to enter a Letter of Engagement with Reno & Cavanaugh to provide legal services related to LIHTC and HUD related transactions for a total fiscal impact of \$200,000.00 (For Possible Action)

FROM: Executive Director RECOMMENDATION: For Possible Action

### Background:

The US Department of Housing and Urban Development (HUD) Procurement Handbook 7460.8 REV 2 (Procurement Handbook for Public Housing Agencies) allows for cooperative purchasing. The Handbook states that housing agencies may purchase:

- "supplies and services through a local, county or State government's supply, service or equipment contractor."
- This practice is also encouraged and allowed by 2 CFR §200.318(e) when the underlying contract(s) must have been procured in accordance with 24 CFR 85.36.

The attached Interagency Purchasing Agreement between the Southern Nevada Regional Housing Authority (SNRHA) and RHA will enable RHA to purchase services and supplies from procurements completed by SNRHA that meet the HUD Handbook requirements. This will enable RHA to access some services and supplies more quickly, efficiently, and economically.

If the Board approves the Interagency Purchasing Agreement, then RHA intends to utilize the recent legal procurement undertaken by SNRHA which resulted in their selection of Reno & Cavanaugh PLLC as transaction counsel. As previously discussed with the Board of Commissioners, the repositioning of Hawk View Apartments and Silverada Manor requires the use of layered financing including tax-exempt bonds and 4% Low Income Housing Tax Credits. In addition, it requires certain processes and approvals from HUD. Reno & Cavanaugh has vast experience working with HUD and public housing authorities on Section 18 and Rental Assistance Demonstration conversions as well as with LIHTC and bond financing. SNRHA has engaged Reno & Cavanaugh PLLC as their legal transaction counsel to assist with these tasks and help them close the financing on recent transactions. SNRHA's procurement of Reno & Cavanaugh PLLC aligns with the guidelines outlined in 2 CFR §200.317 - §200.326 [Section 14.A.3] and 24 CFR 85.36.

Although Reno & Cavanaugh would be procured through this cooperative purchasing structure, RHA would enter a Letter of Engagement directly with Reno & Cavanaugh for

Page 88 of 152 their services. A template of their standard Letter of Engagement is attached for review and reference. The current hourly rates for Reno & Cavanaugh PLLC are as follows:

Senior Partner: \$600 Senior Counsel: \$490 Associates: \$310 Paralegals: \$180

The engagement would be subject to a not to exceed limit of \$200,000.00 without further Board approval. Legal costs are currently budgeted as part of the project costs for Hawk View Apartments and Silverada Manor. Allison McKenzie would continue to act as general counsel to RHA for other matters.

*Recommendation*: Staff recommends the Board of Commissioners approve the Interagency Purchasing Agreement with SNRHA and authorize the Executive Director to execute the Agreement. Staff also recommend the Board of Commissioners authorize the Executive Director to enter into a Letter of Engagement with Reno & Cavanaugh PLLC for legal services in connection with the asset repositioning of Hawk View Apartments and Silverada Manor.

It sets forth how we propose to staff this matter, describes our billing arrangement, and addresses other certain understandings. By signing this letter, you are agreeing to be bound by the terms and conditions set forth herein.

I will have primary responsibility for this matter. Other lawyers and support staff in the firm may work on this matter from time to time under my supervision. I will only involve them in order to provide services to you on the most efficient and timely basis or in circumstances where they bring special expertise or experience to bear on your work.

Unless other arrangements for payment have been made, for this type of legal assignment R&C charges for legal services on the basis of the time devoted to your matters. R&C's hourly rates are shown in <u>Attachment 2</u> hereto. I will be the primary attorney on your matter, billing at \$\_\_\_\_\_ per hour and I will be assisted by \_\_\_\_\_\_, who will bill at \$\_\_\_\_\_ per hour. Reno & Cavanaugh's rates may be adjusted from time to time, typically on an annual basis. We have agreed to defer payment of our fees until closing, or such time as it is determined the transaction will not close, and we will do our best to meet your projected budget for our services.

As is customary, the fees described above do not include expenses that may be incurred in the course of our work and which may be included in your bill. Those expenses may include express service, filing fees, service of process, searches of official records, and messengers. Except as indicated on the rate sheet, we do not charge clients for standard USPS, postage or photocopies.

We may decide in consultation with you that it is necessary to employ or contract with other persons to perform services for you in connection with this matter, but we will first notify you of our intention to do so. You will pay all fees and expenses of those persons through a billing arrangement established at the time of contract.

Through this letter, we are explaining, and you are acknowledging, that it is very difficult to predict the outcome of this legal matter. In retaining this firm to represent you, you are not

relying on any predictions or representations by us in that respect. As the matter progresses, however, we will always be pleased to discuss with you the status of the matter and whatever factors we think will influence its future course.

If the foregoing correctly reflects your understanding, please sign and date this letter, and return it to me via e-mail to confirm your agreement to the terms of our engagement. # ATTACHMENT 1 STANDARD TERMS OF RETAINER

This document sets forth the essential terms of the relationship between Reno & Cavanaugh, PLLC ("we" or "us") and \_\_\_\_\_ ("you" or "the client") effective as of \_\_\_\_\_. To the extent the Rules of Professional Conduct require us to act differently in a particular situation, we will of course respect our ethical obligations. Should you have any question about any of these terms, please do not hesitate to ask for clarification.

- 1. SCOPE AND DUTIES. You are engaging us to provide legal services as described in the attached letter. We will diligently provide those legal services reasonably required to represent you in the matters described, and will take all reasonable steps to keep you informed of progress and to respond to your inquiries. You will truthfully advise us of relevant facts, cooperate fully with us, and keep us informed of developments.
- 2. AUTHORIZATION. You authorize us to take all actions we deem advisable within the scope of our representation, except to settle or otherwise dispose of any particular case. We will notify you of all significant developments and consult with you in advance as to any significant decisions, except in emergencies where it is imperative a decision must be made without advance consultation.
- 3. LIMITATIONS ON REPRESENTATION. We shall have no duty to take actions on your behalf which in our judgment violate court rules or professional standards of ethics. Our assertion of any defenses or affirmative claims is dependent upon our investigation of them and our conclusion that such defenses or claims are well grounded in fact and warranted by existing law or a good faith argument for the extension, modification or reversal of existing law. If we have a contingent fee arrangement, we reserve the right to decline to take actions where in our judgment the results are unlikely to justify the costs. We will advise you if such situations arise.
- 4. **CONTINUATION OR EXTENSION.** In the event we begin representing you on a matter described in a particularized letter, and thereafter begin or continue to represent you in other matters without formal agreement, then these standard terms will continue to apply and you will be billed at our standard hourly rates as they may apply at that time.
- 5. LEGAL FEES. You agree to pay for legal services as described above and herein. If services are to be billed at an hourly rate specified only for the principal attorney, other attorneys and law clerks in the firm will be billed at rates proportionate to that of the principal attorney and commensurate with their experience and skills. Quoted hourly rates are good for the time period indicated; should the firm hereafter revise its hourly rates, the rates charged to you may be similarly adjusted with notice to you, after that period. It is frequently necessary to investigate facts or pursue legal theories that ultimately do not advance the client's cause; you will be billed for all hours reasonably expended on your behalf.

Page 5 of 6

- 6. **ADJUSTMENTS.** You and we agree that in certain unusual cases, time-based fees will later turn out to be inappropriate. Factors such as the novelty and complexity of questions presented, special expertise or previously performed work in a particular area, the preclusion of other engagements caused by work on behalf of the client, the results achieved, and time limitations imposed by the client, among others, will all have bearing on the value of services rendered. Either when such circumstances arise or retrospectively, either party may propose a fee adjustment on such grounds.
- 7. **COSTS AND EXPENSES.** In addition to paying legal fees, you will reimburse us for all costs and expenses incurred by us, including, but not limited to, messenger and other delivery fees, parking, travel or mileage (at the current IRS rate), and other similar items. When legal fees are set on a fixed fee/retainer basis, the cost of legal research utilizing electronic research will be included in the fixed fee. When legal fees are set on an hourly basis, charges will be reimbursed at cost. Charges from others are billed to you at cost and prior approval will be sought for significant charges.
- 8. **STATEMENTS, PAYMENTS AND INTEREST.** Unless other arrangements are made, we will send you periodic statements for fees and costs incurred. Full payment of invoices is required within 30 days of billing unless prior arrangement is made. We reserve the right to discontinue representation if bills are not paid, without satisfactory explanation, within 60 days. Any agreement on our part to defer fees may be withdrawn at any time, and representation discontinued.
- 9. **DISCHARGE AND WITHDRAWAL**. You may discharge us at any time. We may withdraw with your consent or for good cause. Good cause includes your breach of this Agreement, your refusal to cooperate with us or to follow our advice on a material matter or any other fact or circumstance that would render our continuing representation unlawful or unethical. Any withdrawal by us would be in compliance with the Rules of Professional Conduct.
- 10. **CONCLUSION OF SERVICES.** When our services conclude, including by reason of withdrawal or termination, all unpaid charges will become immediately due and payable. Should you discharge us in a contingency case, fees to date will be due at our standard hourly rates. After our services conclude and you have paid or made arrangements to pay all amounts owing, we will, upon your request, deliver your files to you along with any of your funds or property in our possession.
- 11. **TRUST FUNDS.** Any funds we hold in trust for you will be placed in a non-interest bearing account or in an IOLTA account whose interest pays for Bar Association public service activities. Where amounts and periods of deposit warrant, we will at your instruction establish a separate account whose interest accrues to you.
- 12. DISCLAIMER OF GUARANTEE. Nothing in this Agreement and nothing in our statements to you will be construed as a promise or guarantee about the outcome of your matter. We make no such promises or guarantees. Our comments about the possible outcome of your matter are expressions of opinion only.

# **ATTACHMENT 2 - FEE SCHEDULE**

# [insert applicable fee schedule]

While the above represents the core team assigned to Client's matters, we would make all firm attorneys available to you depending on the issue.

In addition, R&C charges a flat rate of \$500 for each audit letter requested.

Our rates include many miscellaneous expenses often billed separately by other firms and we never mark up 3<sup>rd</sup> party expenses we incur on your behalf. Examples of these types of expenses include:

In-house Photocopying	No Charge	3 <sup>rd</sup> Party Document Reproduction	At Cost
Routine Administrative Support	No Charge	Subcontracts with Counsel	At Cost
Facsimiles	No Charge	Travel	At Cost
Local & Long Distance Telephone Charges	No Charge	3 <sup>rd</sup> Party Conference Call Charges	No Charge
Standard Legal Research Services	No Charge	Specialized Legal Research Services	At Cost
USPS Postage	No Charge	Courier Services	At Cost

R&C makes every effort to perform the work in the most cost effective manner possible. In many cases we can reduce overall costs through our knowledge of the field and by utilizing attorneys at lower hourly rates.

We are aware of and sensitive to the needs and goals of clients and have considerable experience representing organizations subject to a variety of budget, cost control, and billing requirements. The rates quoted above are valid for a period of 12 months from the effective date of this agreement and thereafter will be adjusted annually based on market conditions. R&C bills according to 6 (six) minutes increments (i.e., one-tenth of an hour). R&C requires payment within thirty (30) days of the date of invoice.

Names provided on the above chart are for illustrative purposes. Any of the listed personnel may be admitted as partners, of counsel, or otherwise promoted and their rates adjusted accordingly. If new attorneys join the firm during the course of this transaction and to the extent they work on the project they will be billed at comparable rates, based on experience.

Unless other arrangements are made, Reno & Cavanaugh, PLLC will maintain all records for five years after a matter is settled. At that time, unless notified by the client, Reno & Cavanaugh reserves the right to dispose of all materials relating to the transaction.

The rates that SNRHA is paying right now range from \$600 for a senior partner, \$490 for senior counsel, \$310 for associates, and \$180 for paralegals.

We are excited about the possibility of working with you.

# **RENO HOUSING AUTHORITY**

### AGENDA ITEM NUMBER: 9

June 27, 2023

SUBJECT: Discussion and possible action to approve grant agreements and corresponding deed restrictions for Essex Manor and Stead Manor. (For Possible Action)

FROM: Executive Director

**RECOMMENDATION:** For Possible Action

### Background:

RHA has been awarded over \$48 Million in State and Local Fiscal Recovery Funds from the State of Nevada through the Home Means Nevada Initiative. These awards will go to a variety of projects for costs associated with land acquisition, new construction, and rehabilitation. To begin drawing down the funds for eligible project costs, RHA must enter into a grant agreement and deed restriction on the properties with the Nevada Housing Division.

The grant agreements lay out general terms and definitions including the allowed uses of the funds, affordability terms and requirements, reporting requirements, and other related criteria. The deed restrictions are to be signed by both the Reno Housing Authority and the Nevada Housing Division and recorded with the Washoe County Recorder's Office by RHA. The deed restrictions address requirements, responsibilities, enforcement, and remedies related to the projects. Most notably, RHA enters a covenant that declares the project will be affordable to households at or below 60% AMI for no less than 30 years beginning on the first day the property is available for occupancy.

RHA's counsel and HUD have reviewed the documents and their comments have been incorporated. The documents include subordination language that enables HUD's regulatory agreements to remain in priority position. At this point in time, the HMNI Grant Agreements and Deed Restrictions for Stead Manor (\$18,000,000 for redevelopment) and Essex Manor (\$1,500,000 for redevelopment) are set to be signed, executed, and in the case of the deed restrictions, recorded by RHA.

RHA is seeking approval by the Board of Commissioners for HMNI Grant Agreements and Deed Restrictions related to Stead Manor and Essex Manor. Furthermore, staff is seeking authorization for the Executive Director, Hilary Lopez, Ph.D., to sign, execute, and record all required documents.

*Recommendation*: Staff recommends that the Board of Commissioners approve the HMNI Grant Agreements and Deed Restrictions for Stead Manor and Essex Manor and authorize RHA's Executive Director, Hilary Lopez, Ph.D., to sign, execute, and record all required documents.

F. Grantee may not assign or delegate any of its rights, interests, or duties under this Agreement without the prior written consent of the Division. G. Grantee shall allow duly authorized representatives of the Division to conduct such occasional reviews, audits, and on-site monitoring of the Project as the Division deems appropriate in order to determine:

Grantee shall submit draw requests to the Division as needed, with supporting documentation. Division shall have 30 days to process such draw request.

N. Grantee agrees that no officer or employee of Grantee may seek or accept any gifts, service, favor, employment, engagement, emolument or economic opportunity which would tend improperly to influence a reasonable person in that position to depart from the faithful and impartial discharge of the duties of that position.

R. Grantee shall keep and maintain in effect at all times any and all licenses, permits, notices and certifications which may be required by any county ordinance or state or federal statute.

S. Grantee shall be bound by all county ordinances and state and federal statutes, conditions, regulations and assurances which are applicable to the eligible activities or are required by the Treasury, Division, or any combination thereof.

T. No officer, employee or agent of the Division shall have any interest, direct or indirect, financial or otherwise, in any contract or subcontract or the proceeds thereof, for any of the work to be performed pursuant to the project during the period of service of such officer, employee or agent, for one year thereafter.

3. This Agreement and all obligations of Grantee under the terms of this Agreement are legally binding on Grantee and enforceable in accordance with their terms.

4. There is no action, suit, or proceeding at law or in equity or by or before any governmental instrumentality or other agency now pending, or, to the knowledge of the Grantee threatened against or affecting it, or any of its properties or rights, which, if adversely determined, would materially impair the Grantee's duty to carry out or perform its obligations under this Agreement.

5. If the Project, or any part thereof, shall be damaged or destroyed or shall be condemned or acquired for public use, Grantee shall use its best efforts to repair and restore the Project to substantially the same conditions as existed prior to the event causing such damage or destruction and thereafter to operate the Project in accordance with the terms of this Agreement.

#### ARTICLE VI EFFECT OF COVENANTS IN AGREEMENT

A. Covenants Running With the Land. Each promise, covenant, and agreement contained in this Agreement and the undertaking to comply with each provision contained in this Agreement: (i) shall be deemed incorporated in each deed or other instrument by which any right, title or interest in the Project, is granted, devised, or conveyed, whether or not set forth or referred to in such deed or other instrument; (ii) shall be deemed a real covenant by the Grantee for itself, its successors and assigns, and also an equitable servitude, running, in each case, as a burden with and upon the title to the Project, as a real covenant and servitude for the benefit of the Project; (iii) shall, by virtue of acceptance of any right, title or interest in the Project by a successor in interest to the Grantee, be deemed accepted, ratified, adopted and declared as a personal covenant of such successor in interest to the Grantee, and, as a personal covenant, shall be binding on such successor in interest and such successor in interest's heirs, personal representatives, successors and assigns, and shall be deemed a personal covenant to, with and for the benefit of the Division and the Tenants (whether prospective, present or former occupants); and (iv) shall be deemed a covenant, obligation and restriction in favor of the Division and any Tenant (whether prospective, present or former occupant), burdening and encumbering the title to the Project in favor of the Division and each Tenant (whether prospective, present or former occupant) for the Period of Affordability.

B. <u>Personal Covenants</u>. Each covenant, representation, agreement, promise and warranty contained in this Agreement and any undertaking to comply with such provisions shall be deemed a personal covenant by the Grantee and shall be binding on the Grantee's heirs, personal

The Grantee shall be responsible for paying all fees, costs, or charges, including attorneys' fees, incurred in connection with the preparation and recordation of such instrument.

#### ARTICLE IX AMENDMENTS

## AGENDA ITEM NUMBER: 10

June 27, 2023

SUBJECT: Discussion and possible action to approve potential use of CMAR project delivery for Stead Manor and McGraw Court rehabilitation. (For Possible Action)

FROM: Executive Director

**RECOMMENDATION: For Possible Action** 

## Background:

Per previous discussion regarding the potential use of the Construction Manager at Risk Method (CMAR) for some of RHA's upcoming development projects, staff is requesting the Board of Commissioners consider the use of CMAR for the Stead Manor and McGraw Court/Silver Sage Court rehabilitation projects.

These projects will include tight timelines, temporary relocation, significant renovation, and potential phased construction. For these reasons, staff believes these projects would significantly benefit from the use of the CMAR method. This delivery system would allow RHA to use the expertise of a Construction Manager (CM) to resolve complex problems that might arise either during design or construction phase. Early involvement from the CM in these projects could help remove barriers typically associated with the Design Bid Build method for renovation projects. The CM would provide constructability reviews and scheduling support throughout the relocation process, which could lead to more accurate budgets and schedules as well as increased knowledge of the project before construction begins. When managed effectively, this approach ensures a smoother process characterized by fewer requests for information (RFIs) and change orders as well as strengthened coordination throughout the relocation process. Ultimately, the RHA would be positioned to deliver the projects on schedule and on budget while best supporting the residents that will be temporarily relocated during the process.

*Recommendation:* Staff recommends that the Board authorize the potential use of the CMAR delivery method for the Stead Manor and McGraw Court/Silver Sage rehabilitation projects.
